

Notice to Students, Program and Degree Completion, Degree comparable programs and teach-out agreements:

We continue to help every student to complete their degree, and encourage our students to consider all options available to them.

Students that cannot graduate at the time that Hodges University will close its doors are encouraged to transfer to a University that offers a comparable program. To assist with this effort, we have identified some schools and programs comparable to what HU currently and has offered.

Hodges University is here to assist you in finding your next educational path. Please contact us at myplan@hodges.edu
